California State Certified Laboratory No.2153

## Packages\*

<u>Basic Package</u>	\$60.00
Total Coliform Bacteria + E.coli (P/A) and nitrate as N	
<u>Domestic Water Quality</u>	\$250.00
Chloride, nitrate, hardness, conductivity, total dissolved solids, pH, iron, manganese, Total Coliform Bacteria + E.coli	
<u>Alameda County Health Service Package</u>	\$300.00
Total Coliform Bacteria + E.coli, chloride, nitrate, sulfate, total dissolved solids, color, odor, turbidity, copper, iron, manganese and zinc	
<u>General Mineral (Modified)</u>	\$375.00
Alkalinity, chloride, conductivity, hardness, pH, nitrate, sulfate, total dissolved solids, calcium, copper, iron, magnesium, manganese, potassium, sodium, zinc, and Total Coliform Bacteria + E.coli	
<u>General Physical</u>	\$60.00
Color, odor, turbidity	
<u>Inorganic Contaminants (Shortlist)</u>	\$320.00
Aluminum, arsenic, barium, cadmium, chromium, fluoride, lead, mercury, nitrate, nitrite, selenium and silver	
<u>Phase V Metals</u>	\$100.00
Antimony, beryllium, nickel and thallium	
<u>Garden Irrigation Analysis</u>	\$125.00
Alkalinity, boron, chloride, pH and total dissolved solids	
<u>Corrosion Analysis – Langlier Index</u>	\$165.00
Alkalinity, pH, calcium hardness, temperature and total dissolved solids	

\*Packaged Analytes Subject to Change. Check with your Local Regulator

*Coliform bacteria should be tested twice per year, or whenever there is a sudden change in color or taste*

**LABORATORY MINIMUM IS \$60.00**
